OASIS C: Navigating Your Way To Success

Lisa Selman-Holman, JD,
BSN, RN, HCS-D, COS-C,
HCS-O

Houston– January 9-10

Grapevine– January 16-17

McAllen– January 23-24

San Antonio– January 30-31

OASIS C: NAVIGATING YOUR WAY TO SUCCESS WITH LISA SELMAN-HOLMAN

With each new change CMS undertakes, it becomes more difficult to manage all the intricacies of OASIS –C. Face to Face and the final rules changes to M1024 will impact your operations and the need to get everything correct the first time. Attend this program to learn the essentials of OASIS-C that you NEED to know - including how to assess the patient the correct way for the most accurate OASIS. This workshop explains what you need to know, what you need to do and how to do it. There will be plenty of scenarios and documentation examples to set things straight. The program will provide in-depth coverage of OASIS time points and OASIS-C best practices. OASIS education is essential and with changing interpretations and additional clarifications, it has become compulsory. Are you working hard on your outcomes, but not making headway? Perhaps the “other” OASIS data items are hindering your progress. OASIS C: Navigating Your Way to Success is not just training on the payment questions, but an in-depth analysis of the OASIS data items in regards to payment and outcomes. This workshop is intended to support the home health clinician's understanding and accuracy in OASIS data collection.

- Identify three purposes of OASIS-C and data obtained from the collection of OASIS.
- Identify the importance of meeting OASIS time frame requirements.
- Explain OASIS C Conventions
- Identify OASIS-C items important in process measurement.
- Explain risk adjustment and how OASIS data items impact your hospitalization and other improvement outcomes.
- Identify correct assessment strategies for answering Clinical data items.
- Identify correct assessment strategies for answering Functional Data items.
- Identify correct assessment strategies for answering Service Utilization data items.
- Explain the wound assessment guidelines to accurately assess the OASIS C data items.
- Identify the impact of answering the data items regarding discharge, transfer and emergent care.
- Use an OASIS assessment to identify correct answers to data items.

The hours for this class have been expanded at the request of our attendees!!

Lisa Selman-Holman, JD, BSN, RN, HCS-D, COSC, HCS-O, AHIMA ICD-10-CM Ambassador

Lisa Selman-Holman, JD, BSN, RN, HCS-D, COS-C is a home care veteran with 26 years spent in home health and hospice, both as an RN and as an attorney practicing exclusively in home care. She is the owner of Selman-Holman & Associates, LLC, a full-service home care consulting firm. Lisa is on the Homecare Coding Specialist-Diagnosis (HCS-D) national advisory board for the Board of Medical Specialty Coding and Compliance for both diagnosis coding and OASIS.
